Report on the Financial Statements

We have audited the accompanying financial statements of Flint Children's Museum which comprise the statement of financial position as of September 30, 2014, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Flint Children's Museum as of September 30, 2014, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Flint Children's Museum's September 30, 2013, financial statements, and our report dated December 19, 2013, expressed an unmodified opinion on those financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Note 1 - Summary of Significant Accounting Policies

Nature of activities
The Flint Children's Museum ("the Organization") is a Michigan nonprofit corporation which was organized to operate a "hands on" museum to educate young children and inspire a lifelong love for learning through exploration in the areas of science, technology, engineering, math, art, and health promotion. The Organization's support comes primarily from contributions, endowment income, and admissions revenue.

Basis of accounting
The financial statements of the Organization have been prepared on the accrual basis of accounting.

Financial statement presentation
The financial statements are presented in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence or donor-imposed restrictions. The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Unrestricted net assets: Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Society. Generally, the donors of these assets permit the Society to use all or part of the income earned on any related investments for general purposes. No permanently restricted net assets exist at year end for the years ended September 30, 2014 and 2013.

Tax status
The Organization is a non-profit organization, which is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization files information returns in the U.S. Federal and Michigan jurisdictions. The statute of limitations is generally three years for federal returns and four years for Michigan returns.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions
Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. All contributions are considered to be for unrestricted use unless restricted by the donor.
Revenue Recognition
The Organization records revenue for store sales upon the purchase of merchandise by customers. Revenue is recorded net of sales returns, but includes sales tax.

Concentration of credit risk
Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents. The Organization limits the amount of credit exposure to any one financial institution and invests in accounts with high credit quality. At September 30, 2014 and 2013, the Organization’s bank balance was $254,928 and $201,199, respectively. The amount uninsured and uncollateralized at year end was $4,928 and $0 at September 30, 2014 and 2013, respectively.

Receivables
Receivables are shown net of an allowance for doubtful accounts. The Organization considers all accounts receivable to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

Inventory
Inventory consists of gift shop items and is carried at the lower of cost or market, by use of the first-in, first-out (FIFO) method of valuation.

Land, building, equipment, and depreciation
Acquired assets are stated at cost and donated assets at fair market value. Expenditures for new acquisition, renewal, and betterments in excess of $1,000 which increase productive capacity or prolong service lives of the equipment are capitalized. Maintenance and repairs which do not enhance the value or extend the useful life are expensed as incurred. Depreciation for financial reporting is computed using the straight-line method using lives ranging from five to ten years.

Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restriction when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Functional allocation of expenses
The costs of providing the various programs and other activities have been summarized on the functional basis in the statement of activities. Accordingly, certain costs have been allocated among the various programs and supporting services.

Advertising costs
The Organization follows the policy of charging the costs of advertising to expense as incurred.

Comparative data
The financial data for the year ended September 30, 2013, presented for comparative purposes only, is not intended to be a complete financial presentation.

</tbody>
</table>

Depreciation expense was $ 5,881 and $ 5,095 for the years ended September 30, 2014 and 2013, respectively.

Note 3 - Leases
Capital Lease
The Organization financed the acquisition of office equipment with a capital lease payable bearing interest at 8%. Monthly base payments are $ 306. The capitalized lease is secured by the equipment purchased.

The following is a schedule by years of future minimum lease payments required under the capital lease together with their present value at September 30, 2014:

Interest expense of $ 488 and $ 732 was incurred on the capital lease obligation for the year ended September 30, 2014 and 2013, respectively.
Flint Children's Museum
Notes to Financial Statements
September 30, 2014 and 2013

Operating Lease
The Organization conducts its operations from facilities that are leased with annual lease payments of $10 until expiration of the lease on June 30, 2023.

The Organization recognized $100,000 of in-kind rent for the years ended September 30, 2014 and 2013.

Note 4 – Line of Credit
The Organization has a $50,000 revolving line of credit with a local financial institution, of which there was no balance due at September 30, 2014 and 2013. The line bears interest at 10%, is due on demand, and is collateralized by all assets of the Organization.

Note 5 - Temporarily Restricted Net Assets
Temporarily restricted net assets of $7,637 and $11,832 for the years ended September 30, 2014 and 2013, respectively, are restricted by the grantor to be used for educational children's programs and for strategic planning and facility evaluation.

Note 6 – Interest in Income Trusts
Certain funds donated by third parties for the benefit of the Organization are held and managed by the Community Foundation of Greater Flint (the “Community Foundation”). The Community Foundation maintains variance power, which, as a result, requires that the assets it holds not be recorded as assets of the Organization. Therefore these funds are not reflected in the financial statements. The fair market value of these funds was $1,203,917 and $1,157,279 as of September 30, 2014 and 2013. Earnings are available for distribution to the Organization at the discretion of the Community Foundation and, therefore, are not reflected as revenue until received by the Organization. Regular distributions are made from these funds held at the Community Foundation. Disbursements of $49,572 and $47,544 were received from the fund for the years ended September 30, 2014 and 2013, respectively.

Note 7 - In-Kind Donations
Donated items received by the Organization and used in its programs have been reflected in the financial statements at their estimated values.

In-kind donations recognized by the Organization were as follows:
